every sabbath and got my regular
dinner boarded at Luther's the bal
of the time, I think when you
hear from me next I will be
in some other place I do not think
of staying here only a short time
I think you can keep peasted in
regard to my whereabouts by the weigh
of Counsellor William, but for fear

from my next stopping place.
I may go north and make Enos

of Bloat and now in a good healthy
Condition about the right kept to
enjoy good health — oh by the by
I came near forgetting to say I
stoped to Jansons a short time
and had a good visit but would
have been better pleased if the Judge
had been at home, he was not so I
will have to go there again on my
weigh back. When I started from
I Calculated not to be in a hurry and
so far have not and dont calculate to be
but expect to get around sometime
it is so much the stile now a days
for people to leave their Boarding House
that it comes quite easy especily to go
to the ware, a great site more so than to get
back with a majority of them, that
